# INTRODUCTION

---

**ALSOOR ALAMEEN General Construction Company Limited is a distinguished multi-sector contracting enterprise delivering integrated, high-value solutions across a wide spectrum of engineering and construction fields. With deep expertise and a long-standing commitment to excellence, we provide comprehensive services in electrical engineering, civil construction, telecommunications, mechanical works, and specialized infrastructure projects.**

**We take pride in our professionalism, technical capability, and dedication to transforming our clients' visions into reality. Every project is executed with precision, reliability, and a focus on achieving optimal performance and long-term sustainability. By combining advanced technologies with strong engineering experience, we ensure that each solution aligns with international standards and meets the specific needs of our clients.**

**At ALSOOR ALAMEEN, we believe that quality is not just a requirement—it is a responsibility. Our team works diligently to deliver superior results, strengthen community infrastructure, and contribute to the growth and modernization of Iraq. We invite you to explore our range of services and discover how our expertise can support the successful development of your construction and engineering objective**

**ALSOOR ALAMEEN: Leading the Future of Construction in Iraq**  
**ALSOOR ALAMEEN General Construction Company Limited** is a distinguished Iraqi enterprise founded in 2004, specializing in Electrical Engineering, Telecommunications, and General Civil Construction.

With over 20 years of experience, we are recognized as an officially classified 'A' Grade Contractor across all our core disciplines. Our strong reputation for reliability, technical proficiency, and quality execution—acknowledged by both governmental and private institutions—is upheld by our multi-disciplinary team of experts.

We integrate advanced engineering practices with modern technology to deliver sustainable, cost-effective, and durable infrastructure solutions across Iraq. **ALSOOR ALAMEEN** is committed to excellence, integrity, and building a stronger, more connected future for the nation.

## Our Strategy

---

**At ALSOOR ALAMEEN, our strategy is driven by a commitment to leading the future of construction in Iraq through integrated and sustainable engineering solutions. Our strategic framework is built on three core pillars:**

- Integrated Solutions:** delivering comprehensive turnkey projects that seamlessly combine electrical, civil, and telecommunication engineering capabilities.
- Technological Leadership:** Adopting advanced engineering methodologies and modern technologies to ensure operational efficiency, cost-effectiveness, and superior quality standards.
- National Development:** Actively contributing to Iraq's infrastructure modernization by adhering to international best practices and fostering a transparent, competitive business environment.

## Safety Procedures

---

company, safety represents a core pillar of our operational philosophy. we implement a comprehensive safety management system designed to protect our workforce, clients, partners, and surrounding communities. our procedures follow internationally recognized standards and include continuous hazard identification, risk assessment, and mitigation planning. all personnel receive mandatory safety training, covering the use of personal protective equipment (ppe), emergency response protocols, safe equipment operation, and on-site behavioral safety rules.

## Anti-Corruption Policy

---

Company maintains a firm and uncompromising stance against all forms of corruption, fraud, bribery, or unethical business practices. We operate with full transparency and integrity, ensuring compliance with national laws and international ethical guidelines. Our anti-corruption policy applies to every employee, supplier, subcontractor, and business partner.

We enforce strict monitoring procedures, conduct regular internal reviews, and provide awareness programs to promote accountability and ethical conduct. Any violation of our ethical standards is addressed through decisive disciplinary measures. By cultivating an environment of honesty and responsibility, we safeguard the credibility of our company and ensure that all projects are executed fairly, legally, and professionally. Our goal is to contribute to a healthier business environment in Iraq by leading through example and reinforcing the principles of trust and integrity.

# INTERNATIONAL ANTI-CORRUPTION DAY

## SOLUTION

---

**We deliver integrated, end-to-end solutions across multiple engineering and construction sectors. Our capabilities span electrical infrastructure, civil works, mechanical installations, communication systems, and multi-disciplinary turnkey projects. From design and procurement to execution, testing, and long-term maintenance, every solution we provide is tailored to meet the specific needs of our clients.**

**Using modern technologies, advanced engineering methodologies, and structured project management practices, we ensure reliable performance, reduced operational costs, and sustainable results. Our solutions are designed to enhance efficiency, improve service quality, and support national development goals. Whether it is a large-scale infrastructure project or a specialized technical system, Al-Sour Al-Amin delivers dependable, professional, and innovative outcomes.**

## Our Core Values

---

**Our company operates according to a set of principles that reflect our identity and guide our decisions:**

**Integrity:** We conduct all operations with honesty and respect.

**Quality:** We set high standards and strive to exceed expectations.

**Safety:** We prioritize the well-being of every team member and stakeholder.

**Commitment:** We honor deadlines and fulfill promises with efficiency.

**Innovation:** We continually explore better methods and advanced technologies.

**Teamwork:** We believe that collaborative effort leads to superior outcomes.

**These values define our culture and ensure that we consistently deliver excellence.**

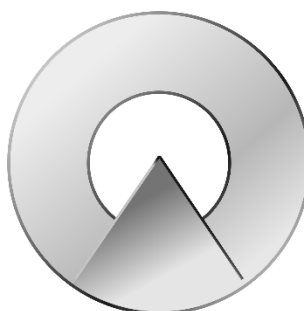

With its extensive experience, strong operational capabilities, and broad technical expertise, ALSOOR ALAMEEN General construction Company Limited consistently strives to elevate its performance across the electricity, telecommunications, and construction sectors. By embracing modern technologies, advanced engineering methodologies, and international best practices, the company is committed to delivering superior services and high-quality construction projects that contribute to positioning Iraq at the forefront of development and infrastructure advancement.

ALSOOR ALAMEEN Company firmly upholds legal, professional, and ethical standards, ensuring that every project reflects quality craftsmanship, transparency, and responsible execution. One of the company's core objectives is to foster fair and healthy competition among local, regional, and international contracting firms, helping to enhance the overall performance of the sector.

The company adheres to a strict ethical framework and comprehensive anti-corruption principles that guide all business processes and decision-making procedures. Beyond its engineering and contracting activities, ALSOOR ALAMEEN Company is committed to supporting social and scientific progress. Through dedicated programs, the company encourages creative initiatives and provides financial support and recognition to outstanding individuals who contribute innovative and socially beneficial ideas.
